

When it's your family,  
**there's no room for error.**

If you or a dependent is facing a serious medical issue, you want to make sure you get the right care. Our experts can help.

As part of your Teladoc benefits, you can:

Have a world-renowned physician review a diagnosis and treatment plan

Receive expert intervention if you or a family member is admitted to the hospital

Get personalized answers to medical questions, big or small

Find a leading local physician for you and your family
