

8 things employees will want to know about NEW DAY

NEW DAY is Human Resources' initiative to automate and centralize technologies for the everyday service processes of our U.S. locations

The university will launch Workday as its new human resources system for all U.S. employees in December, 2021

The initiative will be implemented in two releases:

Release 1 will incorporate payroll, time tracking, compensation, leaves, and hiring processes into Workday

0 0 DEC 2021

For employees, tasks you do today in Banner HR, PageUp, Time Tracking and JobX time tracking, will move to the Workday as early as December 2021

Workday's self-service, mobile-friendly portal will mean employees can do everyday tasks anytime, from anywhere

Release 2, launched in August, 2022, will enable employees to manage benefits administration, learning, performance, and career development

The Workday system's intuitive interface uses icons to organize tasks, and notifies you when requests have been approved

Employees will use Workday to:

- Track time
- Request PTO
- See a paystub
- Initiate a leave
- Apply for work on Northeastern's job board
- Onboard

Training on Workday won't happen until **fall**, **2021** for employees. We'll keep you informed and up to date with news and information until then in our NEW DAY portal
