FIND HIGH-VALUE CARE RIGHT FROM THE START

The cost and quality of care can vary greatly from one health care provider to the next. We've removed the guesswork of finding high-value providers that fit your budget by enhancing our Find a Doctor[1] tool to instantly display these providers at the top of your search results.

YOUR GUIDE TO CATEGORY 1, 2, AND 3 PROVIDERS

To make it easier to choose the best provider for your needs, we display high-value providers[2] first and group them into three categories based on how they perform on a combination of quality standards, appropriateness of care, and cost of care.[3] One of these three categories is assigned to each ranked provider:

Category 1

These providers received the highest rating for care.

Category 2

These providers received an average rating for care.

Category 3

These providers received a lower rating for care.
