PHARMACY BENEFIT OVERVIEW

Step Therapy

Helps reduce costs and ensures you receive a safe and proven-effective medication.

+ **First-step medications** are typically generic and lower-cost brand-name medications.
+ **Second-step medications** are best suited for the few patients who don't respond to first-step medications.

Ask your doctor if they're connected to **Real-Time Prescription Benefit** and can check for the most affordable pricing.

EncircleRx Weight Loss Program Overview

To further support your health and well-being, we're offering EncircleRx – a weight management program that includes coverage for select prescription weight management medications

What medications are included in the program?

Wegovy, Zepbound, Foundayo and **Saxenda** are medications approved by the U.S. Food and Drug Administration (FDA) for weight management. These medications, along with healthier behaviors, including a reduced-calorie diet and increased physical activity, help address chronic weight management issues. If you are currently on **Ozempic or Mounjaro**, those medications are indicated for diabetes and will not be included in this program but will continue to require prior authorization for coverage.

What are the requirements of the program?

For the medications listed above to be covered, you will be required to complete the following in addition to current requirements:

1. Join and participate in the Omada online lifestyle modification program, which is available at no extra cost to you; **and**
2. *Have a body mass index (BMI) of 32 or higher – ***or*** a BMI of 27 or higher along with two weight-related health issues;
    - ***Examples of weight-related health conditions****: arthritis of knee, asthma, chronic obstructive pulmonary disease, coronary artery disease, heart disease, high blood pressure, high cholesterol, non-alcoholic fatty liver disease, obstructive sleep apnea and polycystic ovarian syndrome*

If you do not complete the above steps or have these specific conditions listed, you will not qualify for having these medications filled under your pharmacy benefit plan.

What is changing for 2027?

Effective 1/1/27, copays for the Weight Loss GLP-1's will be $150 per 30 day supply

Who is Omada and what are the benefits?

Omada is a virtual health program that helps members create healthier habits to achieve long-lasting results. It is a program that is offered through EncircleRx at no cost to you.

1	Cellular service connected device	You will receive a cellular connected scale to help track progress and provide personalized feedback for easy monitoring (you keep)
2	Professional health coach	You will be paired with a personal health coach to support you along the way
3	Peer group	You will have the option to participate in peer groups and online communities
4	Insightful health goals & tools	You will have access to tools to help guide and support you with achieving your long-term goals

How to Enroll

Register or log in to **esrx.com/healthsolutions** to find your Omada link
Sample here

Or sign up at **omadahealth.com/esi** or download the Omada mobile application

If you have trouble enrolling, you can reach out to Omada at support@omadahealth.com

Active Engagement with Omada

- Active engagement in the program is defined as **four** weigh-ins and **four** app engagements per month
- **App engagements could include:**
  - Completing a lesson
  - A conversation with a health coach
  - Meal tracking
  - Adding to a peer group conversation
  - Completing an exercise goal
  - Or one of the many other activities offered by Omada

- **A weigh-in** simply requires stepping on your scale and allowing it to record your weight for the day.

- **HELPFUL TIP:** If you record your weight loss GLP-1 under the Medications List section of the app, you will be able to track how many Omada activities and weigh-ins have been completed so you don’t have a gap in coverage of your weight loss medication!
